"Beyond learning — into transformation. Master AI. Lead the future."

Training Overview

As finance evolves, artificial intelligence, changing tax requirements, stronger reporting controls and complex valuation standards are transforming organisational performance and decision making.

This intensive two-day hybrid programme equips finance professionals, business leaders and decision makers with practical insight across reporting, taxation, payroll, valuation, leadership and AI — combining expert-led learning with real-world application.

Why You Must Attend

Stay current with emerging standards, strengthen controls and compliance, apply AI responsibly, and transform financial information into forward looking insights that drive confident, evidence-based business decisions.

STAY CURRENT

Keep pace with emerging financial reporting, tax and valuation standards.

STRENGTHEN CONTROLS

Reinforce internal controls, compliance and reporting integrity.

APPLY AI RESPONSIBLY

Use AI for reporting, forecasting and decision support with sound judgement.

SHARPEN INSIGHT

Turn financial data into forward looking, evidence based decisions.

Training Highlights

This programme equips finance professionals and business leaders with practical expertise in AI enabled reporting, forecasting, payroll, taxation, internal controls, IFRS standards, asset valuation and regulatory compliance — while strengthening professional judgement, strategic communication and change leadership.

01

AI INTEGRATION

AI for Financial Reporting & Decision Support

Apply AI to financial reporting, forecasting, scenario modelling, anomaly detection and evidence based decisions.

02

TAXATION

Tax Awareness, Updates & Deferred Tax

Understand current tax developments, deferred tax principles, strategic planning and compliance obligations.

03

AI-POWERED PAYROLL

AI as a Strategic Payroll Assistant

Improve payroll accuracy, efficiency, exception detection and workforce-cost reporting.

04

FINANCIAL REPORTING & ICFR

Strengthening Reporting & Internal Controls

Strengthen ICFR, control design and reporting integrity — with insight into IFRS 18, S1 & S2.

05

ASSET VALUATION

Valuation Regulation & International Standards

Apply FRC legislation, International Valuation Standards, professional judgement and documentation.

06

LEADERSHIP DEVELOPMENT

Leadership & the Law of Advancement

Develop influence, accountability, strategic communication and sustainable change leadership.

Our Offerings & Event Details

Practical tools to strengthen controls, reporting, tax compliance, payroll and valuation — and to communicate financial insight with confidence..

Regulatory Awareness

Stay informed on emerging financial reporting, taxation and valuation requirements.

Stronger Internal Controls

Understand how effective ICFR protects assets and reporting reliability.

AI-Enabled Finance

Apply AI to reporting, forecasting, payroll and strategic decision support.

Improved Tax Management

Recognise tax risks and opportunities while strengthening compliance.

Better Decision-Making

Convert financial and operational data into forward looking insight.

Leadership Advancement

Build the confidence and influence needed for greater responsibility.

Practical Application

Apply new knowledge directly to real organisational challenges.

Meet Your Expert Team

Five distinguished practitioners and scholars bring together leadership, taxation, governance, AI and sustainability expertise for this programme.

Dr. Ayodele M. Adetuyi

PhD- ACA (UK), FCA,
FCIT, MSc (UK), PGD
in AI (US).

Dr. Ayodele M. Adetuyi is a distinguished finance, governance, and advisory professional with extensive experience in corporate finance, audit, taxation, risk management, and public sector accountability. He holds a PhD in Business and Enterprise from the University of the West of Scotland and is a Fellow of the Institute of Chartered Accountants of Nigeria (ICAN) and a member of the ICAEW (UK). Formerly an Audit Manager, Tax Partner, and Assurance Partner at BBC Professionals, Dr. Adetuyi has led major engagements in financial reporting, governance, regulatory compliance, and strategic advisory. He also serves as Deputy Director of the Centre for African Research on Enterprise and Economic Development (CAREED) at the University of the West of Scotland and lectures in finance and entrepreneurship.

Professor Christian Harrison is an internationally recognised leadership scholar and organisational transformation expert. He is Professor of Leadership and Enterprise at the University of Greater Manchester, where he also serves as Director of the Centre for Leadership and Empowerment and Head of the Research and Doctoral College (Off-Campus Division). He holds a First-Class degree in Pharmacy, an MBA with Distinction from the University of Aberdeen, and a PhD in Leadership. His expertise spans transformational, ethical, entrepreneurial, and crisis leadership, with extensive experience supervising doctoral researchers and leading internationally funded research.

Professor Harrison has secured research funding from organisations including Innovate UK, the British Academy, and the British Council. He is Chair of the Leadership and Leadership Development Special Interest Group of the British Academy of Management, Editor of Routledge Studies in Leadership and Leadership Development, and author of several influential leadership publications.

Professor Christian Harrison

(PhD, D.Inn, MBA, PG Res, PG Cert RDS, PG Cert TLHE, SFHEA, FIBAKM, FCBA, FCKM, CMBE, Bpharm)

**Adesola Adebowale**

MSc (UK), FCA, FCTI,
ACA (ICAEW),
PhD (Researcher),
FMCLRM

Adesola Adebowale is a distinguished taxation, financial strategy, and governance professional with over 20 years of experience across the public and private sectors, including the UK regulatory environment. He is a Fellow of the Institute of Chartered Accountants of Nigeria (ICAN), Fellow of the Chartered Institute of Taxation of Nigeria (CITN), and a Chartered Accountant with the ICAEW (UK). As Managing Partner of Adebowale Adesola & Co. and Managing Consultant at Facts & Figures Consulting, he provides strategic advisory services in taxation, governance, audit, regulatory compliance, and financial reporting. He is also recognised for his expertise in Artificial Intelligence (AI), particularly its application in financial governance, statutory reporting, and stewardship reporting.

David Borode is a Strategic Finance Leader, Sustainability Reporting Specialist, and Learning Intervention Expert with over 20 years of experience in financial management, governance, accountability systems, and institutional transformation. He is a Fellow of the Institute of Chartered Accountants of Nigeria (ICAN) and a Chartered Accountant with the ICAEW (UK). He is recognised for his expertise in public sector governance, statutory reporting, sustainability, and the integration of Artificial Intelligence (AI) into financial reporting, audit reforms, and governance processes. Currently pursuing a PhD in Climate Finance and Sustainability Reporting, David contributes to global discussions on ESG, climate risk, and responsible finance.

**David Borode**
